(VCA's Information System for Type Approval)

VISTA is an electronic technical standards library containing the EU and UN legislation required for vehicle Type Approval. Subscriptions are available for all content, individual vehicle frameworks (Car, Truck & Bus, Motorcycle or Tractor), or specific subject areas such as braking or lighting.

VISTA includes consolidated versions of EU Directives, Regulations and UN Regulations, together with non-confidential VCA Technical Interpretations and links to the relevant legislation.

Access Options

Online Access

Plan ahead with LegStat

LegStat is an online service that tracks the status of type approval legislation and upcoming automotive regulatory changes, helping organisations plan ahead. Subscribers can access relevant documents and receive email alerts for new publications and key implementation dates.

Access is provided via email address and password. Additional users require separate email addresses and may use generic mailbox accounts.

Subscription Fees

- £350 + VAT per year for one email address.
- £50 + VAT per year for each additional email address.

As users can customise alerts and track as many or as few subjects as required, LegStat is offered at a single annual subscription rate. VAT is charged at the applicable rate and may be subject to change.

Access to LegStat is by annual subscription

This is supplied at a flat rate per user	Single Email Address		Two Email Addresses		Three Email Addresses		Any further email addresses (EACH)		**If you require several LegStat recipients, we recommend using a generic email address e.g. homologation@mycompany.com**
