

### The VCA Portal

Access The VCA Portal digital self-serve to apply for Type Approval Scheme approvals, test reports and other order requests. These instructions will guide you through signing into the portal, using the self-management functions and submitting a request. **Note: You must complete a VCA Account Registration and wait for approval before creating a sign in password and submitting requests. To apply for VCA Europe S.r.l. services you must Opt-in and have a VCA Europe S.r.l. approved invoicing account.**

### Terminology

- A **Customer Order** is the overarching project level information. This stipulates the invoicing account for the application and a project name or meaningful reference of your choice. You have the option of including vehicle and address details that will be needed for the issued certificate; however they are optional at this level. A Customer Order number will have the format **VCA000117**.
- A **Work Order** is the individual order item(s) within a Customer Order. These can be multiple and include mandatory information essential for the issued certificate, such as Approval Holder Address, Base Legislation, Amending Legislation and Type Code. You must add at least one Work Order item to a request and attach documentation to support the application. A Work Order number will have the format **VCA000117-1**, **VCA000117-2**, and so on.

## Sign into the VCA Portal

You **must** complete a portal registration and activate your account from the approval email sent from The VCA before proceeding with the Sign-in below:

Open [www.vehicle-certification-agency.gov.uk/vca-portal](http://www.vehicle-certification-agency.gov.uk/vca-portal)

Click on **Portal sign-in** and click on the **Portal Sign-In** button

**On this page you can:**

- Register your organisation for a portal account for the first time
- Login to the portal to review the status of an existing application
- Login to the portal to submit a new application for:
  - GB, UKNI, or UNECE Type Approval(s) and/or Provisional Type Approval(s)
  - AES/BES Assessments.

Portal Sign-in | Portal Registration | Portal Guidance

Use portal sign-in to:

- Submit a new application for:
  - GB, UKNI, or UNECE Type Approval(s) and/or Provisional Type Approval(s)
  - AES/BES Assessments.
- Review the status of your organisation's existing Type Approval and Provisional Type Approval application(s)

For further information:

Step 1

Enter a **Project Name** or meaningful reference

Select **Continue**

### Type Approval application

#### Step 1 – Required service

**Project name**

Please create a meaningful reference. The order will be displayed using this reference on the portal; and can be used in communication with VCA and VCA Europe S.r.l.

**Applicant's name**

Lionel Smith

**Continue**

### Type Approval application

#### Step 2 – Invoicing details

**VCA Invoicing account**

[Add a new VCA invoicing account](#)

**Purchase order number required on invoice?**

Yes     No

**Please enter purchase order number if available (optional)**

**Estimate required?**

Select if you require an estimate of cost for the service ordered. Submission of a Worst Case Document will be required, and a Worst Case Meeting may be conducted, prior to the estimate being available. All time for Worst Case Meetings and Document review is chargeable. Notification of completed estimate will be sent to the logged in user. Select any additional contact you would like to receive notification as well below.

Yes     No

**Continue**

Step 2

Click on the magnify icon to select the **VCA Invoicing account** – the account must be approved to be available for selection

Select **Yes** if you require a purchase order number on your invoice, or **No**

Please supply the number if available

Select **Yes** if you would like an estimate

Click on **Continue**

All fields in this step are **optional** however adding them at this level will allow quick use of this information in order items

Add details for:

**Manufacturer Approval Holder name** - enter the name as appears on the approval documentation

**Manufacturer Approval Holder address** - click on the magnify button to **Add a new address** or use an **Existing address**

**Type Approval application**

**Step 3 – Project details**

Enter all applicable information as they appear in your approval documentation.

These will be propagated to your work orders, with the ability to change details per order item as necessary.

Manufacturer (Approval Holder) name (optional)

Manufacturer (Approval Holder) address (optional)

Choose one record and click Select to continue

<input checked="" type="checkbox"/>	Name ↑	Account	Account Code (Account)
<input checked="" type="checkbox"/>	David (AP)	Generations Ltd	China

Tick next to an existing address and click on **Select** or  
Click on **New** to add a new address

When adding a new address enter partial address details and click on **Find address**

Select the address from the dropdown list

Complete any missing details and **Add New Address**

Create a new record

**Manufacturer (Approval Holder) address**

Address name

Address

Postcode or zip code (optional)

Country

Trade name or mark (optional)

Type (optional)

General commercial description (optional)

Means of identification of type (if marked on the vehicle) (optional)

Location of marking (optional)

Add the **Trade name or mark, Type, General commercial description, Means of identification of type and Location of Marking** as detailed on the approval documentation

Add address details for:

**Manufacturing plants** - select **Add New address** to add an address or **Add Existing address** for an address previously added. You can add multiple plant addresses

**Manufacturer's representative's name** - enter the name as appears on the approval documentation

**Manufacturer's representative's address** - click on the magnify button to **Add a new address** or use an **Existing address** added previously

**Manufacturing plants**

<input type="checkbox"/>	M1	S	Car, Truck, Bus

Selected vehicle categories:

**Vehicle categories**

Vehicle category ↑	Vehicle sub category ↑	Framework ↑
M1	S	Car, Truck, Bus
M2		Car, Truck, Bus

Click on **Continue**

## Applying using the Digital Form Method

There are two methods for submitting your work orders items; **digital form** allows you to add approval elements individually, while **template upload** provides the ability to add items on an excel spreadsheet for upload.

### Step 4.1

Select the required method of inputting work orders

Click on **Digital form**

Select **Continue**

#### Step 4.1 – Add order items

An order comprises a single approval and any test reports which relate to it, or a test report for one type and subject combination.

##### How do you want to add order items?

Digital form

The digital form will allow you add details for each subject individually.

Template upload

The template upload enables you upload a completed spreadsheet template containing details of all approval items.

Assistance required

Select this option if you are unsure about which subjects and products you require, assistance can be given.

For regulatory support items, please choose this option.

Please fill in the description box of what you are trying to achieve. We will review your description and be in contact to help you proceed with the order.

NOTE: This is a chargeable service.

Continue

#### Step 4.2 – Add order items

Add an order item per approval required. Duplicate, edit or remove an item using the dropdown arrow.

Add new order item

Subject	Legislation (scheme)	Type code or designation	Product requested	Existing approval number	Approval authority	Created on ↓
---------	----------------------	--------------------------	-------------------	--------------------------	--------------------	--------------

There are no records to display.

Continue

### Step 4.2

To add details for each work order item, click on **Add new order item**

Follow the instructions below depending on the scheme you are applying for:

[Applying for GB Scheme](#)

[Applying for Provisional GB Scheme](#)

[Applying for UKNI Scheme](#)

[Applying for UNECE Scheme](#)

[Applying for British Standard, CEN, RVR, Taiwanese Type Approval, or Trias Scheme](#)

**Note:** If you **Opt-in to VCA Europe S.r.l. services** you can also apply for EU Type Approval and EU IVA (see [Opt-in to VCA Europe S.r.l. services](#))

*Applying for GB Scheme*

Complete all details for Steps 1 to 4.1 as described in [Submitting a Type Approval Application for a VCA Invoicing Account](#).

Add order item - Step 1.1

Select **GB** as the **Scheme** from the dropdown list

Click on **Continue**

**Add order item – Step 1.1**

Scheme

GB

**Continue**

**Add order item – Step 1.1**

British Standard  
CEN  
GB  
OECD  
Provisional GB  
RVR  
Taiwanese Type Approval  
Trias  
UKNI  
UNECE

**Add order item – Step 1.2**

Product requested  
New approval

Approval authority  
VCA

Base legislation  
2015/758

Amending legislation  
2022/1273

Annex (optional)

Manufacturer's GB representative (optional)

To hold a GB Type Approval the approval holder will need to be based in Great Britain. If they are not, then a representative must be appointed who is. A representative could be the approval holder or an additional third-party representative if the approval holder is not based in the required country. The obligations on the representative where they are a third-party are set out in Article 15 of EU regulation 2018/858 as retained in the UK.

**Q**

Add order item – Step 1.2

Complete the item details:

**Approval action** – for instance New approval, Extension or Revision

**Approval Authority** – this is a locked field and will be VCA for all GB scheme applications

**Base legislation** - choose from the dropdown list

**Amending legislation** - choose from the dropdown list

**Annex** – only selectable is there is a relevant annex for the legislation

Click on the **magnify glass** to add a **New or Existing Manufacturer's GB representative Address** if required.

If you have **EU or UNECE Test Reports** for this approval select **Yes**, if not then select **No**

If you would like a **Provisional Approval number**, following initial checks, select **Yes**

Select **Yes** if this is a request for **Multi stage approval** then select the **Number of stages** from the dropdown list, if not then select No

Select **Yes** if you require the vehicle registered within the EU scheme - **Note:** this is only available if you have an approved invoicing account with VCA Europe S.r.l. and have selected to [Opt-in to VCA Europe S.r.l. services](#)

Click on **Continue**

**Apply directly to the Approval Authority**  
 If you already hold all required EU subject test reports, UNECE subject test reports or relevant approvals - select 'Yes'  
 If you require testing or you wish to work with the technical service - select 'No'

Yes  No

**Do you require a Provisional Type Approval number?**

No  Yes

**Multi stage approval**

No  Yes

**Number of stages**

Stage 1

**Would you like your Whole Vehicle Approval registered within the EU scheme? (Applicable to Complete/Completed, M/N/L/T/O)**

No  Yes

**Continue**

**Type Approval application**

## Request Assistance with a Type Approval Application

If you are unsure of the type of scheme or details required for your application, you can create an order asking for assistance. Once created you will be provided with an Order Number and will be contacted by the relevant team from The VCA to help you.

Complete the Type Approval Application for as usual up to step 4.1.

### Step 4.1

Click on **Assistance required** and complete as much detail as you can in the **Description** box

Click on **Continue**

You will receive an **Order Number** and will be contacted shortly.

Please use this **Order Number** in any correspondence with us.

#### Step 4.1 – Add order items

An order comprises a single approval and any test reports which relate to it, or a test report for one type and subject combination.

How do you want to add order items?

Digital form  
The digital form will allow you add details for each subject individually.

Template upload  
The template upload enables you upload a completed spreadsheet template containing details of all approval items.

Assistance required  
Select this option if you are unsure about which subjects and products you require, assistance can be given.  
For regulatory support items, please choose this option.  
Please fill in the description box of what you are trying to achieve. We will review your description and be in contact to help you proceed with the order.  
NOTE: This is a chargeable service.

Complete the **declaration** details (Light Duty or Heavy Duty)

If the GB Approval application is based on **EU regulation 715/2007** select **Yes** and enter the EU Type Approval Number

Is this GB Approval application based on an existing Regulation (EU) 715/2007 EU Type Approval?

No  Yes

Please enter the EU Type Approval Number

**EU AES BES assessment declaration**  
 We confirm that the AES BES documentation as presented has been reviewed and accepted by a European member state Type Approval Authority or Designated Technical Service, based on Regulation (EU) 2017/1151 as amended; and written evidence will be provided alongside other documentation

**Defeat device declaration**  
 We hereby declare the absence of prohibited defeat devices in accordance with Article 3 (10) of Regulation (EC) no.715/2007 in conjunction with Article 5, paragraph 2 of Regulation (EC) no.715/2007

**Compliance with the real driving emissions requirements**  
 The vehicle type(s) listed in this application comply with the requirements laid down in point 2.1 of Annex IIIA to Retained Regulation (EU) 2017/1151 relating to real driving emissions for all possible RDE tests, which are in accordance to the requirements of this Annex

Tick to confirm agreement to the **EU AES BES assessment declaration** if required

Tick to confirm agreement to the **Defeat device declaration** and **Compliance with the real driving emissions requirements**

Click on **Continue**

### AES BES Assessment application

#### GB Approval PIR – Step 2.2 – Light Duty AES impact data

To allow VCA to assess the pollutant impact of AES activation, we require RDE emissions data (tested according Retained Regulation (EU) 2017/1151 as amended) under limit case conditions, where we believe critical AES's would be typically active.

These critical AES's include:

- combustion and/or aftertreatment control modulation based on low environmental temperature
- combustion and/or aftertreatment control modulation based on high engine load and/or speed

For this assessment, there are two typical use-cases based on real world conditions where VCA believes such AES's would be activated.

These boundary conditions include:

- case #1: average ambient temperature is 0°C or below
- case #2: vehicle payload is minimum 80% GVW and/or drive metric V\*aPos at minimum 85% of the applicable limit (for urban, rural and motorway phases)

Please complete steps 2.2.1 and 2.2.2 with requested emissions data as per the above conditions. If this application for GB Approval covers more than one vehicle type, please use data taken from the Worst Case variant.

If the submitted emissions data does not fall within the conditions suggested above, please use the notes section to give a technical explanation for the data presented in relation to the activation of critical AES's under normal use, and their subsequent emissions impact.

### AES BES Assessment application

#### GB Approval PIR – Step 3 – Audit schedule

To allow the VCA to assess continued conformity of AES BES documentation submitted into GB Approval applications, we will conduct an annual Audit. This is VCA's opportunity to check that a sample of AES BES documents meet the regulatory requirements and ensure that real driving emissions for vehicles in the UK market are at their lowest possible levels.

Scope of Audit (to include but not necessarily limited to):

- review of AES BES documents (these will be requested 6 weeks ahead of the Audit date)
- review of declared data within this document
- review of RDE robustness process prior to start of production
- review of powertrain calibration and AES BES change management process

This will require personnel with suitable knowledge of the design and verification of the emissions control systems, as well as the personnel with the responsibility of authoring, maintaining, and delivering the final AES BES documents.

We will arrange to visit your facility or premises for this Audit; and we anticipate this will be completed within one working day.

**!** The email associated with your portal account will be used for communication on the Audit. Please ensure it is current.

Your Type Approval application requires AES BES clearance for the work orders listed below.

If you have AES BES clearance (or have an application in-progress) for all the affected Type Approval work orders, please link them and then click on the 'Complete task' button.

Otherwise, please [submit an AES BES Assessment application](#) for work orders that do not have any clearance.

Once you have clearance (or have submitted your new application) to cover all work orders that require AES BES clearance under this Type Approval application, please return to this task to complete it.

Please note that your Type Approval request cannot be progressed without AES BES clearance, where required.

CEN

FMVSS

GB

Add order item - Step 1.1

Scheme

GB

[Continue](#)

The following steps will vary depending on the scheme selected.  
Follow the instructions [Applying using the Digital Form Method](#) for more detail.

**Add order item – Step 1.2**

**Product requested**  
New approval

**Approval authority**  
VCA

**Base legislation**  
2015/758

**Amending legislation**  
2022/1273

**Annex (optional)**

**Manufacturer's GB representative (optional)**  
To hold a GB Type Approval the approval holder will need to be based in Great Britain. If they are not, then a representative must be appointed who is. A representative could be the approval holder or an additional third-party representative if the approval holder is not based in the required country. The obligations on the representative where they are a third-party are set out in Article 15 of EU regulation 2018/858 as retained in the UK.

[Add order item – Step 1.2](#)

Complete the item details:

**Approval action** – for instance **New approval, Extension or Revision**

**Approval Authority** – this is a locked field and will be **VCA** for all GB scheme applications

**Base legislation** - choose from the dropdown list

**Amending legislation** - choose from the dropdown list

**Annex** – only selectable is there is a relevant annex for the legislation

Click on the **magnify glass** to add a **New or Existing Manufacturer's GB representative Address** if required.

If you have **EU or UNECE Test Reports** for this approval select **Yes**, if not then select **No**

If you would like a **Provisional Approval number**, following initial checks, select **Yes**

Select **Yes** if this is a request for **Multi stage approval** then select the **Number of stages** from the dropdown list, if not then select **No**

Select **Yes** if you require the vehicle registered within the EU scheme - **Note:** this is only available if you have an approved invoicing account with VCA Europe S.r.l. and have selected to [Opt-in to VCA Europe S.r.l. services](#)

Click on **Continue**

**Apply directly to the Approval Authority**  
If you already hold all required EU subject test reports, UNECE subject test reports or relevant approvals - select 'Yes'  
If you require testing or you wish to work with the technical service - select 'No'

Yes  No

**Do you require a Provisional Type Approval number?**  
 No  Yes

**Multi stage approval**  
 No  Yes

**Number of stages**  
Stage 1

**Add order item – Step 2**

Vehicle categories

Opt-in to VCA Europe S.r.l. services

You can apply for services from VCA Europe S.r.l. once you have an approved Invoicing Account with VCA Europe S.r.l. To apply for an account first Opt-in to VCA Europe S.r.l. services via **My Details**.

The image shows a screenshot of the VCA Portal. At the top right, a box titled "Welcome to the Vehicle Certification Agency self-serve portal" contains a grid of navigation links: "My tasks", "My document actions", "My applications", "Invoicing accounts", "My details", and "My addresses". A red arrow points from the text "Click on My details" to the "My details" link. Below this, the "Profile" page is shown for a user named "Steph Wigmore". The "Your Information" section contains fields for "First Name" (Steph), "Last Name" (Wigmore), "E-mail" (stephwigmore13@gmail.com), "Business Phone", "Organization Name", and "Title". The "Your services" section features a dropdown menu for "Opt-in to VCA Europe S.r.l. services" with "Yes" selected. A red arrow points from the text "Select Yes to change Opt-in to VCA Europe S.r.l. services" to this dropdown. At the bottom of the profile page, a green "Update" button is highlighted with a red box, and a red arrow points from the text "Click on Update" to it.

You will now have access to additional options in the Type Approval application process.

**Note:** You must have an approved VCA Europe S.r.l. invoicing account to use these services.

Registering a VCA Europe S.r.l. invoicing account

Opt-in to VCA Europe S.r.l. services and have an approved VCA Europe S.r.l. invoicing account to apply for GB, UNECE and EU scheme via the portal. Apply for a VCA Europe invoicing account via **Invoicing accounts** in the portal.

To request an additional invoicing account first select **Invoicing accounts**

Click on **Add VCA Europe S.r.l. invoicing account**

**Welcome to the Vehicle Certification Agency self-serve portal**

Step 4.1

Select the required method of inputting work orders

Click on **Digital form**

Select **Continue**

**Step 4.1 - Add order items**

An order comprises a single approval and any test reports which relate to it, or a test report for one type and subject combination.

**How do you want to add order items?**

- Digital form**  
The digital form will allow you add details for each subject individually.
- Template upload**  
The template upload enables you upload a completed spreadsheet template containing details of all approval items.
- Assistance required**  
If you are unsure about which subjects and products you require to achieve the certification you need, please select this option and describe the situation as best you can below. We will review your description and be in contact to help you proceed with the order. This is a chargeable service.

**Continue**

**Step 4.2 - Add order items**

Add an order item per approval required. Duplicate, edit or remove an item using the dropdown arrow.

**Add new order item**

Subject	Legislation (scheme)	Type code or designation	Product requested	Existing approval number	Approval authority	Created on
There are no records to display.						

**Continue**

Step 4.2

To add details for each work order item, click on **Add new order item**

Select an **GB scheme** from the dropdown list of options

Applying for GB Type Approval

**Add order item - Step 1.1**

**Scheme**

GB

**Continue**

**Add order item - Step 1.1**

**Scheme**

- British Standard
- CEN
- EU
- GB
- OECD
- Provisional GB
- RVR
- Taiwanese Type Approval
- Trias
- UKNI
- UNECE

**Add order item - Step 1.2**

**Product requested**

New approval

**Approval authority**

VCA

**Base legislation**

2015/758

**Amending legislation**

2022/1273

**Annex (optional)**

Add order item - Step 1.2

Complete the item details:

**Approval action** – for instance New approval, Extension or Revision

**Approval Authority** – this is a locked field and will be VCA for all GB scheme applications

**Base legislation** - choose from the dropdown list

**Amending legislation** - choose from the dropdown list

**Annex** – only selectable is there is a relevant annex for the legislation

Click on the **magnify glass** to add a **New or Existing Manufacturer's GB representative Address** if required.

Select **No** for having an **EU Test Reports**

Select **Yes** if you require a **Provisional Approval number**

Select **Yes** if this is a request for **Multi stage approval**

Select **Yes** if you require the vehicle registered within the EU scheme - **Note:** this option will create two customer orders invoiced individually

Click on **Continue**

**Manufacturer's GB representative (optional)**

To hold a GB Type Approval the approval holder will need to be based in Great Britain. If they are not, then a representative must be appointed who is. A representative could be the approval holder or an additional third-party representative if the approval holder is not based in the required country. The obligations on the representative where they are a third-party are set out in Article 15 of EU regulation 2018/858 as retained in the UK.

**Do you have EU Test Reports you would like this approval based on?**

Yes  No

**Do you require Provisional Approval number?**

No  Yes

**Multi stage approval**

No  Yes

**Would you like your Whole Vehicle Approval registered within the EU scheme? (Applicable to Complete/Completed, M/N/L/T/O)**

No  Yes

Please note that EU Type Approval will be processed by VCA Europe S.r.l., and you would be required to accept their terms and conditions as well.

**Continue**

**Add order item – Step 1.3**

Select legislation for EU scheme

**Base legislation**

**Amending legislation**

**Annex (optional)**

**Manufacturer's EU representative (optional)**

To hold an EU Type Approval the approval holder will need to be based in European Union. If they are not, then a representative must be appointed who is. A representative could be the approval holder or an additional third-party representative if the approval holder is not based in the required country. The obligations on the representative where they are a third-party are set out in Article 15 of EU regulation 2018/858.

**Continue**

If EU Scheme requested complete the **EU legislation details**

Step 1.3

**Base legislation** - choose from the dropdown list

**Amending legislation** - choose from the dropdown list

**Annex** – only selectable is there is a relevant annex for the legislation

Click on the **magnify glass** to add a **New or Existing Manufacturer's EU representative Address** if required.

Click on **Continue**

**Add order item – Step 2**
